

PART-TIME ADVISORY ENGAGEMENT

Fractional Architecture Leadership

Ongoing architecture support with agreed capacity.

You need experienced architecture support without a full-time appointment. Within an agreed part-time mandate, I support decisions, reviews and alignment between business, IT and security teams.

CONSULTING EFFORT

2-4 consulting days per month

PLANNING WINDOW

initially approximately 3 months

Non-binding planning range, including preparation and follow-up. Consulting effort is not the same as elapsed project time. Actual effort and scheduling depend on scope, documentation, access, stakeholder availability and capacity.

Your deliverables

- Regular reviews and traceably documented architecture decisions.
- Aligned priorities, transition paths and dependencies in your roadmap.
- A transparent status of work, open decisions and next steps.

Who is it for?

For IT leaders and change programmes with recurring architecture needs and clearly identified internal decision owners.

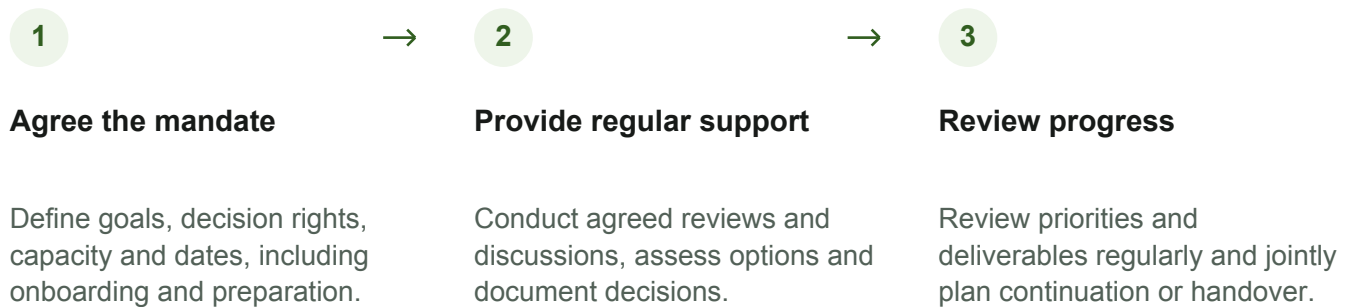

Price on request

You will receive a binding proposal after we agree the scope. Services, deliverables, fees and dates are agreed before the engagement begins.

SCOPE AND COLLABORATION

A clearly agreed scope

A part-time advisory mandate with agreed monthly capacity. Onboarding, preparation, discussions and documentation are included in that capacity. Additional requirements are agreed in advance.

What you provide

An internal sponsor, named decision owners, access to relevant architecture documentation and an agreed schedule of meetings.

Location and arrangements

On site in Germany, Austria, Switzerland and the Netherlands. Remote work and travel and accommodation costs are agreed in the individual proposal.

A separate engagement

A separate engagement, not included in existing workshop or check fixed prices. Additional topics, appointments and revision rounds are agreed in advance.

What is not included

No daily availability, on-call service or automatic assumption of people management or overall operational responsibility. Decisions and approvals follow the expressly agreed mandate.

Discuss scope and timing
